App Instructions: Create Your Membership Card

Create Your Digital Membership Card

- In the Riverdale Y app, tap Cards in the menu bar at the bottom of your screen.
- Tap Add New Card.
- Enter your name in the first text field and your barcode number (provided by the Welcome Desk Associate) in the second text field.
- Tap Save.
- The app will generate a digital barcode that you can use to record your attendance and check in at the scanner at the Welcome Desk.
- Repeat steps 2–5 to create additional digital cards for your family members.

Unlock the Front and Back Entrance Doors with Your Barcode Number

Please try this a few days after joining, as it may take some time for your access to become active.

- Enter your barcode number followed by the pound sign (#) on the keypad.
- If your barcode number begins with a zero (0) or consecutive zeros (000), omit the leading zero(s) when entering your number on the keypad.
- Wait a few seconds for the sound of the door unlocking before pulling the door open.
- You can also use your key fob to unlock the front and back entrance doors, as well as the Quest Studio and the B1 adult-only locker rooms.

App Instructions: Pool & Group Ex Reservations

You can make reservations for the Pool and Group Ex classes through the Riverdale Y app.

1. Download the Riverdale Y app

- Download the Riverdale Y app from your phone's app store.
- Open the app once the download is complete.

2. Find the schedule

- Tap Schedule in the menu at the bottom of your screen.
- Select a date at the top of the screen.
- Scroll through the listings to view available Group Ex classes and lap swim and open swim.

3. Narrow your search

You can use the filters to make it easier to find what you're looking for:

- **Types:** Group Ex or Pool
- **Time**
- **Class**
- **Instructor**

4. Select your reservation

- Select the time for the specific activity you want to reserve.
- Tap Register at the bottom of the screen.

5. Create your GroupEx Pro account

If you do not already have a GroupEx Pro account:

- Tap Create a Login.
- Enter your name and email address and create a password.
- After creating your account, you will need to sign in. I recommend saving your login credentials so you can easily access your account in the future.

6. Confirmation

Once your reservation is complete, you will see a confirmation on the screen and receive a confirmation email. The email will also include a link to cancel your reservation if needed.
